5 STAR-WORTHY SPARKLE

If Claire Danes and Nicolé Richie are looking to add a few extra watts to their smiles before vamping for the cameras, the lucky girls know what to do thanks to their makeup guru, Ramy. "Before they hit the red carpet, I tell my clients to gently brush their gums with a red mouthwash," he says. "It makes gums appear pinker, resulting in whiter, brighter-looking teeth!"

6 FACE-LIFT IN A BOTTLE

We still can't believe HALLE BERRY is 44! Thanks to Ramy — who mixes a couple of drops of his Youth mask into a primer, then applies the mixture to moisturized skin — the star looks more radiant than ever. "The dramatic firming effect eliminates puffiness and sagging," he says. "It takes years off!"
